

Projects in Design/Development (Updated Quarterly)

Cherry Lane Bridge, Sponsor: Nez Perce County Key # 9070

Description: This is a bridge replacement project over the Clearwater River on Cherry Lane Road off US12 in Nez Perce County. Roadway approaches including US12 will be improved as a part of the project.

Status: This project needs to renegotiate once funding is in place for this project. The Biological Assessment has been Approved. Currently the Environmental Evaluation is under review by FHWA.

Construction Year: 2019

McGary Bridge, Sponsor: Nez Perce County Key # 10521

Description: This project is bridge reconstruction and roadway improvements of McGary Bridge over Potlatch River.

Status: This project had Final Design Review in December 2013. Currently waiting for the PS&E Submittal.

Construction Year: 2015

Webb Road, Sponsor: Nez Perce County Key # 11228

Description: This project will widen the roadway shoulders and include a climbing lane. The final design cost estimate has exceeded the budget amount and the project is being re-scoped to fit within the budgeted amount.

Status: In the process of finalizing the 404 permit. There still may be mitigation requirements.

Construction Year: 2014

Orofino Creek Rd Bridge, Sponsor: Clearwater County Key # 12019

Description: This project will reconstruct the bridge and provide minor approach work up to the bridge.

Status: The Preliminary Design Review of project has been completed. There are still outstanding Preliminary Design items that need to be completed before giving the approval.

Construction Year: 2015

Clear Creek Bridge #29255, Sponsor: Idaho County Key # 13445

Description: This project will replace an over 50 year old bridge which serves as an access point to hundreds of residents, several businesses, recreation and agricultural uses. It is the primary access point to the Nez Perce Tribe's Clear Creek Fish Hatchery. If the bridge were to fail, a substantial detour of over 20 miles through mountainous terrain with steep slopes would be required. This is a vital transportation asset for Idaho County.

Status: This project is currently the early stages of project development.

Construction Year: 2019

Cavendish Highway Safety, Sponsor: Clearwater County Key # 13449

Description: Cavendish Highway is located near Orofino Idaho and the project is located between MP 3 and MP 16. The project entails replacing damaged or missing guardrail in eight different sections to improve the safety along this stretch of road. The project anticipates removing the existing structures and the County has indicated they will remove the metal railing to help reduce project costs.

Status: This project is waiting on the Environmental Approval and Final Design Submittal.

Construction Year: 2015

Robinson Park Rd Bridge #20320 Replacement, Sponsor: North Latah Highway District Key # 13450

Description: This project will replace an existing bridge which has a 47.8 sufficiency rating and is structurally deficient. The bridge is weight restricted causing disruption to commercial truck traffic in the area forcing trucks to use alternate routes not designed for heavy traffic.

Status: This project is currently the early stages of project development.

Construction Year: 2018

Thain Rd & Bryden; Thain Rd & Burrell, Sponsor: City of Lewiston Key # 13891

Description: This project includes improvements within the first 500' of each approach. The approaches are at Thain Rd/Bryden/11th & Thain Rd/Burrell/12th.

Status: The State and Local Agreement has been signed by City of Lewiston. The money will be obligated in October 2014.

Construction Year: 2015

Webb Ridge Rd; Webb Rd/Flat Iron Rd, Sponsor: Nez Perce County Key # 13892

Description: This project will implement more Countermeasures for Webb Ridge Road. The Countermeasures include advanced warning signage and widening the road.

Status: The State and Local Agreement has been signed by Nez Perce Co. The money will be obligated in October 2014.

Construction Year: 2015

Dent Bridge Road, Sponsor: Clearwater County Key # 13893

Description: This project will implement more Countermeasures for a portion of the Dent Bridge Rd that goes from the County line to Wells Lane. The Countermeasures will be to install guardrails.

Status: This project is currently reviewing the scope from the Consultant. This project is currently in the early stages of project development.

Construction Year: 2015

6th Street; Asbury/Jefferson, Sponsor: City of Moscow Key # 13894

Description: This project will provide curb extensions which will increase the line of sight for those entering the crosswalks. These improvements will include ADA compliant pedestrian ramps as well as high visibility thermoplastic crosswalks.

Status: The State and Local Agreement has been signed by City of Moscow. The money will be obligated in October 2014.

Construction Year: 2015

Thain Rd & Grelle Ave Intersection, Sponsor: City of Lewiston Key # 13895

Description: This project will provide safety improvements at an un-signalized intersection on Thain Road. These improvements are for the installation of a signal and the addition of the left turn lanes. Also, included in the work are improvements to crosswalks, overhead lane-use signs, installation of pedestrian countdown signal heads, improvement to street lighting and backplates will be installed with 3-inch retro reflective sheeting.

Status: This project is In the process of negotiating the agreement with the consultant. The money will be obligated in October 2014.

Construction Year: 2015

Winchester Road Reconstruction, Sponsor: Evergreen Highway District Key # 13897

Description: This project will consist of cement recycled asphalt base stabilization, shoulder widening and bituminous surface treatment from milepost 1.6 to milepost 6.6. Reconstructing the road will increase safety and provide long term use by the public on a well traveled roadway.

Status: Will be getting State and Local Agreement signed once there is a meeting with the sponsor.

Construction Year: 2020

Little Bear Creek Bridge Replacement, Sponsor: City of Troy Key # 13898

Description: This project will replace the existing bridge which is a timber-girder structure with timber abutments, wing walls, a wood deck and wood railing. It is a one-lane structure with no sidewalks. The bridge has a sufficiency rating of 39.8 and is used extensively for school bus traffic, pedestrians, local motorists and is a critical link to downtown. Replacing this structure would drastically improve local access and safety.

Status: Will be getting State and Local Agreement signed once there is a meeting with the sponsor.

Construction Year: 2019

Projects under Construction/Beginning Soon (Updated Quarterly)

Dent Bridge Road MP1, Sponsor: Clearwater County Key # 12942

Description: The purpose of this project is to repair a section of Dent Bridge Road at MP 1 in the slide area. Repairs are planned to return the roadway to its pre-damaged condition and include clearing and grubbing, excavation, reshaping roadside ditches, roadway base and pavement replacement.

Status: The project contract was awarded on 8/12/14. The construction will begin the week of September 15th 2014. The anticipated completion date is the end of October 2014.

Construction Year: 2013

Dent Bridge Road MP13, Sponsor: Clearwater County Key # 12943

Description: The purpose of this project is to repair a section of Dent Bridge Road at MP 13 in the slide area. Repairs are planned to return the roadway to its pre-damaged condition and include clearing and grubbing, excavation, reshaping roadside ditches, storm/ground water drainage improvements, roadway base and pavement replacement.

Status: The Erosion Control is still outstanding. The CE&I consultant is currently working on Project Closeout.

Construction Year: 2013

Grangemont Road, Sponsor: Clearwater County Key # 12944

Description: The purpose of this project is to repair a section of Grangemont Rd in the slide area. Repairs are planned to return the roadway to its pre-damaged condition and include clearing and grubbing, excavation, reshaping roadside ditches, storm/ground water drainage improvements, roadway base and pavement replacement.

Status: This project is currently in construction and is about 20% complete. The anticipated completion date is the beginning of November 2014.

Construction Year: 2013

FYA Intersection Improvements, Sponsor: City of Lewiston Key # 13446

Description: This local safety improvement project will install flashing yellow arrow left turn signal heads at various locations and includes 14 signal heads, seven signal timing changes, and seven signal timing controllers.

Status: This project is scheduled to bid on 9/16/14. The anticipated completion date is the end of November 2014.

Construction Year: 2014

Stop Bar Intersection Improvements, Sponsor: City of Lewiston Key # 13447

Description: This local safety improvement project consists of Thermoplastic Stop Bars and Crosswalks along the Thain Road/21st Street Corridor. The Thermoplastic Stop Bars and Crosswalk pavement markings will be used at eleven signalized intersections along the City of Lewiston's highest ADT corridor.

Status: The construction contract started on 9/2/14. With an anticipated completion date of the end of October.

Construction Year: 2014

Polk Street Safety Improvements, Sponsor: City of Moscow Key # 13448

Description: This local safety improvement project consist of approximately 0.30 miles of sidewalk construction including earthwork, aggregate base, curb & gutter, sidewalk, asphalt paving, and curb ramp improvements on Polk Street.

Status: This project is anticipated to bid in Spring 2015. Construction is anticipated to start in June 2015. The anticipated completion date is the end of August 2015.

Construction Year: 2014
