

## Projects in Design/Development (Updated Quarterly)

### **Adams Gulch Rd, Big Wood Rv Br, Sponsor: Blaine County Key # 12409**

**Description:** This project consists of replacing the single span bridge on Adams Gulch Road over the Big Wood River in Blaine County.

**Status:** The Final PS&E package has been submitted and reviewed. Project is waiting for obligation of funding in FY2017.

**Project Manager:** Wayne Herbel

**Construction Year:** 2017

### **West Glendale Road & Canal Bridge, Sponsor: Blaine County Key # 13998**

**Description:** This project includes upgrading the roadway from .7 miles west of State Highway 75 to Glendale Canal. The project includes replacing structurally deficient Glendale Canal Bridge. This is a main route to a multiple use area, including an industrial and business community, Blaine County Road and Bridge Facilities and to Bellevue's Waste Water Treatment Plant.

**Status:** This project is currently in process of consultant selection.

**Project Manager:** Wayne Herbel

**Construction Year:** 2020

### **River St, Walnut to Galena, Sponsor: City of Hailey Key # 18807**

**Description:** The project consists of numerous safety and circulation improvements to River Street, between Walnut Street and Galena Street.

**Status:** This project is in the ITIP and currently scheduled under Preliminary Development. Design funding is anticipated in FY18.

**Project Manager:** Wayne Herbel

**Construction Year:** 2022

### **1700 S Rd Bridge, Sponsor: Gooding Highway District Key # 18973**

**Description:** The 1700 South Road Bridge has a sufficiency rating of 30.9 and is planned to be replaced. The bridge has a 90 degree skew that makes it very dangerous for motorist and trucks trying to travel over the bridge.

**Status:** This project is currently in the process of Consultant Selection.

**Project Manager:** Wayne Herbel

**Construction Year:** 2020

### **Golden Valley Rd: 1500 W to 900 W, Sponsor: Oakley Highway District Key # 19028**

**Description:** This joint project, sponsored by Oakley Highway District and Murtaugh Highway District, includes rehabilitating Golden Valley Road from MP 6 to MP 12. This consists of approximately 6 miles of roadway rehabilitation starting at the intersection of 1500 W Road and Golden Valley Road, and continuing east to the intersection 900 W and Golden Valley Road. The project consists of approximately 2 miles of overlay, 2 miles of Recycled Asphalt Base Stabilization (RABS) rehabilitation, and chip sealing the entire 6 miles of roadway.

**Status:** A consultant has been selected for this project. Currently in the process of finalizing the scope of work. Negotiation and award of contract will occur in next couple of weeks.

**Project Manager:** Muhammad Zubery

**Construction Year:** 2021

### **North Rd Phase 3, Sponsor: Jerome Highway District Key # 19114**

**Description:** This project includes reconstructing 1.15 miles of roadway while upgrading the base, widening the pavement, and installing a traffic control signal and left turn lanes.

**Status:** This project is in the ITIP and currently scheduled under Preliminary Development. It is waiting for design funding.

**Project Manager:** Wayne Herbel

**Construction Year:** 2021

### **Intersection & Sign Improvements, Sponsor: Hillsdale Highway District Key # 19212**

**Description:** This safety corridor project includes installing advance warning signs with solar powered flashing lights and larger stop signs. This project will be located around intersections of Valley School District in addition to other problem areas where vehicles run through stop signs.

**Status:** LHTAC will be starting the Project Development for this project in October of 2016.

**Project Manager:** Kevin Kuther

**Construction Year:** 2017

### **Sign Improvements at 4 Curves, Sponsor: Wendell Highway District Key # 19240**

**Description:** This project includes installing improved signing at four locations. The signing will include new advance warning signs and the addition of chevrons to delineate the curve better.

**Status:** LHTAC will be starting the Project Development for this project in October of 2016.

**Project Manager:** Kevin Kuther

**Construction Year:** 2017

### **Intersection & Sign Improvements, Sponsor: Jerome Highway District Key # 19560**

**Description:** This project includes installing advanced warning signs and larger stop signs for a Safety Corridor. This project will include most of the intersections in the south west corner of the district from the intersection of 500 West to West Road across to the intersection of 100 West to 500 South.

**Status:** LHTAC will be starting the Project Development for this project in October of 2016.

**Project Manager:** Kevin Kuther

**Construction Year:** 2017

### **Yale Road Stage 4; MP 12.1 to 13.7, Sponsor: Burley Highway District Key # 19637**

**Description:** This project includes improvement to Yale Road from MP 12.1 to MP 13.7. The two miles of pavement rehabilitation and realignment includes: 1) Roadway ballast to support the increased heavy truck traffic associated with the farm to market operations, 2) Improved horizontal and vertical alignment by removing substandard curves, stop conditions, 90° curves and improve sight distance and overall safety, 3) Widened road and shoulders to meet AASHTO standards and allow for safe passage of vehicles 4) Improve shoulder slopes, ditches, and drainage structures to improve the drainage system.

**Status:** This project is in the ITIP and currently scheduled under Preliminary Development.

**Project Manager:** Muhammad Zubery

**Construction Year:** 2022

### **4100 N Rehabilitation; 2100 E to 2400 E, Sponsor: Filer Highway District Key # 19672**

**Description:** This project includes rehabilitating the existing 4100 North Road from 2100 E to 2400 E. The highway district is being proactive before the roadway further deteriorates and causes an emergency. The rehabilitation project plans to use a Cement Recycled Asphalt Base Stabilization (CRABS) rehabilitation process to rehabilitate this road and prepare it for the expected traffic volumes.

**Status:** This project is in the ITIP and currently scheduled under Preliminary Development. It is waiting for design funding currently.

**Project Manager:** Wayne Herbel

**Construction Year:** 2021

### **INT Hankins & Addison Ave Signal, Sponsor: Twin Falls Highway District Key # 19688**

**Description:** This project includes installing a traffic control signal with illumination. This project is located at the eastern City Limit of Twin Falls.

**Status:** Approved Engineering Consultant is preparing a draft Scope of Work, Schedule and Hours Estimate.

**Project Manager:** Kevin Kuther

**Construction Year:** 2018

## Projects under Construction/Beginning Soon (Updated Quarterly)

### **N. Grape St., Sponsor: City of Shoshone Key # 9852**

**Description:** This project consists of replacing the single span, single lane, steel truss 76' Grape Street Bridge over the Little Wood River in the City of Shoshone.

**Status:** The project is currently at substantial completion. Outstanding items are currently being addressed. The CE&I Consultant is currently working on Project Closeout.

**Project Manager:** Matt Koster

**Construction Year:** 2015

### **21st St Reconst., Sponsor: City of Heyburn Key # 9854**

**Description:** This project will widen the roadway, construct curb and gutter and provide pedestrian improvements between 500 West and 600 West. The project is 1 mile in length.

**Status:** The project is currently at substantial completion. Outstanding items are currently being addressed. The CE&I Consultant is currently working on Project Closeout.

**Project Manager:** Matt Koster

**Construction Year:** 2015

### **Cheney Dr; Washington St-N College, Sponsor: City of Twin Falls Key # 11495**

**Description:** This project consists of constructing a new roadway on the CSI college campus.

**Status:** This project is complete. The consultant is working through the project file close out.

**Project Manager:** Megan Kautz

**Construction Year:** 2015

### **Bob Barton Rd: 1950 E-2200E, Sponsor: Wendell Highway District Key # 12084**

**Description:** This project will widen 2.5 miles of Barton Road between S 1950 East Road and S 2200 East Road to include shoulders and turn lanes. Right-of-way will be acquired to accommodate the full section.

**Status:** This project has been awarded and will begin construction no earlier than February 2017.

**Project Manager:** Megan Kautz

**Construction Year:** 2016

### **4100 N Safety Improvements, Sponsor: Buhl Highway District Key # 13539**

**Description:** This safety project includes visual enhancements along the pavement edge by the use of pavement markings.

**Status:** This construction will be delayed until September 2017. Roadway deterioration in 2016 requires repairs that make safety improvements impractical.

**Project Manager:** Steve Sprague

**Construction Year:** 2015

**Bob Barton Rd Corridor and 100 S Rd Corridor,  
Sponsor: Jerome Highway District Key # 19108**

**Description:** This project includes improving the Bob Barton Road corridor from 100 W Road to South Lincoln and 100 South Road corridor from 500 W Road to US-93 by installing advance warning signs and larger stop signs. This project is part of the FY2016 LHSIP Group Sign Project.

**Status:** The sponsor has the materials and is currently in the process of installing them on the roadway.

**Project Manager:** Steve Sprague

**Construction Year:** 2016

**S Canal Bridge 300 N 95 E, Sponsor: Jerome Highway District Key # 19779**

**Description:** Bridge replacement over the S-Canal on 300 N near 95 E in Jerome Highway District. All design for this project is being completed under 18672.

**Status:** Project was awarded September 2nd, 2016. Construction will begin in October.

**Project Manager:** Megan Kautz

**Construction Year:** 2016
