

Projects in Design/Development (Updated Quarterly)

West Glendale Road & Canal Bridge, Sponsor: Blaine County Key # 13998

Description: This project includes upgrading the roadway from .7 miles west of State Highway 75 to Glendale Canal. The project includes replacing structurally deficient Glendale Canal Bridge. This is a main route to a multiple use area, including an industrial and business community, Blaine County Road and Bridge Facilities and to Bellevue's Waste Water Treatment Plant.

Status: The State and Local Agreement has been signed by Blaine County. The engineering consultant has been selected and negotiation of the contract Scope and Fees are in progress.

Project Manager: Wayne Herbel

Construction Year: 2020

River St, Walnut to Galena, Sponsor: City of Hailey Key # 18807

Description: The project consists of numerous safety and circulation improvements to River Street, between Walnut Street and Galena Street.

Status: This project is in the ITIP and currently scheduled under Preliminary Development. Design funding is anticipated in FY18.

Project Manager: Wayne Herbel

Construction Year: 2022

1700 S Rd Bridge, Sponsor: Gooding HD Key # 18973

Description: The 1700 South Road Bridge has a sufficiency rating of 30.9 and is planned to be replaced. The bridge has a 90 degree skew that makes it very dangerous for motorist and trucks trying to travel over the bridge.

Status: The consultant selection process is complete. The design agreement is scheduled for negotiations on June 28, 2017.

Project Manager: Wayne Herbel

Construction Year: 2020

Golden Valley Rd: 1500 W to 900 W, Sponsor: Oakley HD Key # 19028

Description: This joint project, sponsored by Oakley Highway District and Murtaugh Highway District, includes rehabilitating Golden Valley Road from MP 6 to MP 12. This consists of approximately 6 miles of roadway rehabilitation starting at the intersection of 1500 W Road and Golden Valley Road, and continuing east to the intersection 900 W and Golden Valley Road. The project consists of approximately 2 miles of overlay, 2 miles of Recycled Asphalt Base Stabilization (RABS) rehabilitation, and chip sealing the entire 6 miles of roadway.

Status: Geo-technical field testing complete. Project charter and materials reports are in progress.

Project Manager: Muhammad Zubery

Construction Year: 2021

North Rd Phase 3, Sponsor: Jerome HD Key # 19114

Description: This project includes reconstructing 1.15 miles of roadway while upgrading the base, widening the pavement, and installing a traffic control signal and left turn lanes.

Status: Design consultant has been selected and notified. Next step is to negotiate the scope, man hours and finalize the agreement for work to begin.

Project Manager: Muhammad Zubery

Construction Year: 2021

Intersection & Sign Improvements, Sponsor: Hillsdale HD Key # 19212

Description: This safety corridor project includes installing advance warning signs with solar powered flashing lights and larger stop signs. This project will be located around intersections of Valley School District in addition to other problem areas where vehicles run through stop signs.

Status: The Project is currently waiting on Final Permits and PS&E Submittal to obligate funds.

Project Manager: Amanda LaMott

Construction Year: 2017

Sign Improvements at 4 Curves, Sponsor: Wendell HD Key # 19240

Description: This project includes installing improved signing at four locations. The signing will include new advance warning signs and the addition of chevrons to delineate the curve better.

Status: The Project is currently waiting on Final Permits and PS&E Submittal to obligate funds.

Project Manager: Amanda LaMott

Construction Year: 2017

Intersection & Sign Improvements, Jerome HD, Sponsor: Jerome HD Key # 19560

Description: This project includes installing advanced warning signs and larger stop signs for a Safety Corridor. This project will include most of the intersections in the south west corner of the district from the intersection of 500 West to West Road across to the intersection of 100 West to 500 South.

Status: The Project is currently waiting on Final Permits and PS&E Submittal to obligate funds.

Project Manager: Amanda LaMott

Construction Year: 2017

Yale Road Stage 4; MP 12.1 to 13.7, Sponsor: Burley HD Key # 19637

Description: This project includes improvement to Yale Road from MP 12.1 to MP 13.7. The two miles of pavement rehabilitation and realignment includes: 1) Roadway ballast to support the increased heavy truck traffic associated with the farm to market operations, 2) Improved horizontal and vertical alignment by removing substandard curves, stop conditions, 90° curves and improve sight distance and overall safety, 3) Widened road and shoulders to meet AASHTO standards and allow for safe passage of vehicles 4) Improve shoulder slopes, ditches, and drainage structures to improve the drainage system.

Status: Design consultant selection process will commence as soon as design funding is available.

Project Manager: Muhammad Zubery

Construction Year: 2021

4100 N Rehabilitation; 2100 E to 2400 E, Sponsor: Filer HD Key # 19672

Description: This project includes rehabilitating the existing 4100 North Road from 2100 E to 2400 E. The highway district is being proactive before the roadway further deteriorates and causes an emergency. The rehabilitation project plans to use a Cement Recycled Asphalt Base Stabilization (CRABS) rehabilitation process to rehabilitate this road and prepare it for the expected traffic volumes.

Status: This project is in the ITIP and currently scheduled under Preliminary Development. It is waiting for design funding currently.

Project Manager: Wayne Herbel

Construction Year: 2021

INT Hankins & Addison Ave Signal, Sponsor: Twin Falls HD Key # 19688

Description: This project includes installing a traffic control signal with illumination. This project is located at the eastern City Limit of Twin Falls.

Status: Final Design Review for this project is complete. The Consultant is working on revisions to prepare the PS&E Submittal.

Project Manager: Kevin Kuther

Construction Year: 2018

Gannett Rd Sign Imprv, Sponsor: Blaine County Key # 19868

Description: This project will install advance warning signs for intersections/streets and curves, add additional chevron warning signs at curves, and implement corrections to bring signing up to MUTCD standards.

Status: Funds to start Project Development will be obligated in FY2018. The State and Local Agreement for this Group Safety Project is being prepared.

Project Manager: Amanda LaMott

Construction Year: 2019

Soldier Rd to Camas School Path, Camas Co, Sponsor: Camas County Key # 19904

Description: The proposed project is to construct a paved bike lane along Soldier road from Camas School to the Soldier town site. The total bike path is approximately 1.8 miles. This would allow walking and biking to and from Camas School to Soldier town site. Currently most of the population is north of the school and in Soldier.

Status: This Transportation Alternatives Program (TAP) project has undergone negotiations and the consultant contract is awaiting approval.

Project Manager: Kevin Kuther

Construction Year: 2018

Curve Imprv, Hillsdale HD, Sponsor: Hillsdale HD Key # 20037

Description: This project will improve safety at multiple locations throughout the District to enhance the Warning Signs for road curves and will replace or add new reflective curve warning signs with advisory speed signs, and Chevrons to help direct drivers through the curve.

Status: Funds to start Project Development will be obligated in FY2018. The State and Local Agreement for this Group Safety Project is being prepared.

Project Manager: Amanda LaMott

Construction Year: 2019

3700 N (Cross Co Rd) Intersections, Sponsor: Filer HD Key # 20119

Description: This project will address the lack of compliance by drivers and will add larger 48" stop signs along with 48 inch stop ahead signs and will be mounted on 4x6 wooden posts with metal bracing. Improvements include incorporation of 12 inch stop bars at each intersection.

Status: Funds to start Project Development will be obligated in FY2018. The State and Local Agreement for this Group Safety Project will be prepared.

Project Manager: Amanda LaMott

Construction Year: 2019

Myrtle St Connector, Hailey, Sponsor: City of Hailey Key # 20137

Description: This project will provide a separated shared-use connection from Main St. to the WRT, provide a safe connection for middle school students, bicyclists and pedestrians to neighborhoods, school, the north end commercial area and public transit and improve tourism access/activity.

Status: This Transportation Alternative Program (TAP) project has funds to start Project Development in FY2018.

Project Manager: Amanda LaMott

Construction Year: 2019

Guardrail and Signage, Wendell HD, Sponsor: Wendell HD Key # 20289

Description: Install guardrail, chevrons, advance warning and curve warning signs at multiple locations.

Status: The Project is currently waiting on Final Permits and PS&E Submittal to obligate funds.

Project Manager: Kevin Kuther

Construction Year: 2017

Washington St and Falls Ave, Twin Falls, Sponsor: City of Twin Falls Key # 20291

Description: Add retro-reflective back-plates, convert to protected/permissive left turn operation and install lighting.

Status: The Project is currently waiting on Final Permits and PS&E Submittal to obligate funds.

Project Manager: Amanda LaMott

Construction Year: 2017

Shoshone St Signals and Turn Bay, Sponsor: City of Twin Falls Key # 20295

Description: Install left turn lane, left turn signals, actuated signals, and exclusive pedestrian phasing.

Status: The Project is currently waiting on Final Permits and PS&E Submittal to obligate funds.

Project Manager: Amanda LaMott

Construction Year: 2017

Idahome Rd and 2750 E Rd, Sponsor: Raft River HD Key # 20312

Description: This project is funded through the Freight Program and is to improve approximately 4.2 miles of rural collector roadway by reconstructing and paving. The improvements shall begin at the I-84/Idahome Road Interchange and extend along Idahome Road to the intersection with 2750 E Road then north along 2750 E Road to the north end of the EVC Dairy Operation. The roadway improvements shall be designed for 129,000 lb. vehicles.

Status: State & Local Agreement has been executed. Currently in the consultant selection process.

Project Manager: Scott Ellsworth

Construction Year: 2018

Projects under Construction/Beginning Soon (Updated Quarterly)

N. Grape St., Sponsor: City of Shoshone Key # 9852

Description: This project consists of replacing the single span, single lane, steel truss 76' Grape Street Bridge over the Little Wood River in the City of Shoshone.

Status: Construction is complete. Final project accounting and payment is being processed.

Project Manager: Matt Koster

Construction Year: 2015

21st St Reconst., Sponsor: City of Heyburn Key # 9854

Description: This project will widen the roadway, construct curb and gutter and provide pedestrian improvements between 500 West and 600 West. The project is 1 mile in length.

Status: Construction is complete. Final project accounting and payment is being processed.

Project Manager: Matt Koster

Construction Year: 2015

Cheney Dr; Washington St-N College, Sponsor: City of Twin Falls Key # 11495

Description: This project consists of constructing a new roadway on the CSI college campus.

Status: Construction is complete. Final project accounting and payment is being processed.

Project Manager: Megan Kautz

Construction Year: 2015

Bob Barton Rd: 1950 E-2200E, Sponsor: Wendell HD Key # 12084

Description: This project will widen 2.5 miles of Barton Road between S 1950 East Road and S 2200 East Road to include shoulders and turn lanes. Right-of-way will be acquired to accommodate the full section.

Status: This project is currently in construction and about 95% complete. The anticipated completion date is in July 2017.

Project Manager: Megan Kautz

Construction Year: 2016

Adams Gulch Rd, Big Wood Rv Br, Sponsor: Blaine County Key # 12409

Description: This project consists of replacing the single span bridge on Adams Gulch Road over the Big Wood River in Blaine County.

Status: This project will be starting July 17th, 2017 and is anticipated to be completed November, 2018.

Project Manager: Matt Koster

Construction Year: 2017

4100 N Safety Improvements, Sponsor: Buhl HD Key # 13539

Description: This safety project includes visual enhancements along the pavement edge by the use of pavement markings.

Status: Due to flooding, this project is delayed until Spring of 2018.

Project Manager: Kevin Kuther

Construction Year: 2015

Bob Barton Rd Corridor and 100 S Rd Corridor, Sponsor: Jerome HD Key # 19108

Description: This project includes improving the Bob Barton Road corridor from 100 W Road to South Lincoln and 100 South Road corridor from 500 W Road to US-93 by installing advance warning signs and larger stop signs. This project is part of the FY2016 LHSIP Group Sign Project.

Status: Sponsor needed an extension for installation of signs due to weather. An extension has been given until September 1, 2017.

Project Manager: Kevin Kuther

Construction Year: 2016

S Canal Bridge 300 N 95 E, Sponsor: Jerome HD Key # 19779

Description: Bridge replacement over the S-Canal on 300 N near 95 E in Jerome Highway District. All design for this project is being completed under 18672.

Status: This project is currently in construction and about 95% complete. The anticipated completion date is in July 2017.

Project Manager: Megan Kautz

Construction Year: 2016
