OKLAHOMA UNMANNED AERIAL SYSTEMS VIRTUAL WORKSHOP

ABOUT THE WORKSHOP

The Federal Highway Administration (FHWA), as part of its ongoing Every Day Counts Round 5 (EDC-5) initiative, along with the Oklahoma Department of Transportation (DOT) and the Oklahoma State University Local Technical Assistance Program (LTAP) are offering a two-day interactive workshop on Unmanned Aerial Systems (UAS).

Attendees will hear from subject matter experts on:

- Starting up a UAS program (national and local agency perspectives)
- Implementing UAS technology in support of key transportation applications
 - Design and construction
 - Structural inspection
 - Emergency response/traffic management
- Technology and UAS use case examples

Participants will have an opportunity to engage with presenters during question and answer (Q&A) sessions.

The workshop is free of charge but requires online advance registration. Workshop attendees are eligible to receive professional development credits for participation.

Who Should Attend?

This strategic and timely workshop will benefit a wide range of participants:

- County Commissioners
- Emergency management personnel
- City and Tribal staff
- Field personnel - maintenance, construction, consultants, contractors

Questions?

Contact Aaron Wright, OK LTAP
(aaron.wright12@okstate.edu)

When is the Workshop?

This two-day virtual workshop will feature general sessions on the first day. Day 2 will include three separate breakout sessions on different transportation applications.

Day 1: September 2, 2020, 8:30AM - 12:30PM

Day 2: September 3, 2020, 8:30AM - 11:00AM

How Do I Participate?
