

Custer County Road & Bridge—Gravel Road Maintenance Seminar

May 18, 2021, 8:30 am - 4:30 pm—Classroom Training

411 Clinic Rd. Challis, ID 83226

May 19 & 20, 2021, 8:00 am - 5:00 pm Field Training (TBD)

Custer County Road & Bridge is sponsoring this training to improve the viability of their gravel road network and is providing the opportunity for other jurisdictions in the area to obtain similar background and training on improving the gravel road quality throughout the area.

Idaho Standards for Public Works Construction (ISPWC) and other appropriate standards will be referenced throughout the training. The classroom training is a pre-requisite for the field portion and **MUST** be taken to qualify.

Paragon Consulting, Inc. is using this opportunity to inform Custer County and other adjacent agencies of recent improvements in the techniques and materials making up the current state of practice related to effective gravel road maintenance.

To register, fill out Registrant information and return to Paragon Consulting, Inc. via email to

Registrant Information:
